Supporting Electric Cars in Indonesia, PPRO Collaborates with Voltron to Establish Charging Station

Jakarta, 30th November 2023 – PT PP Properti Tbk (**stock code: PPRO**) as a subsidiary of BUMN Construction in Indonesia, PT PP (Persero) Tbk (stock code: PTPP) has held a signing ceremony for the signing of Memorandum of Understanding (“MoU”) with PT Exelly Elektrik Indonesia (“Voltron”). The signing ceremony for the MoU for Charging Station Development was held on Thursday (30/11) at the PPRO Office in Jakarta. The signing of the MoU was carried out directly by Daniel Rinsani as Main Director of PPRO and Abdul Rahman Elly as Founder & CEO of Voltron. Andrian Novarianto as General Manager of PT Exelly Elektrik Indonesia and Eko Adji Buwono as National Package Manager Entrev ESDM also attended the event.

In the Memorandum of Understanding, Voltron will provide Public Electric Vehicle Charging Station (“SPKLU”) services or charging stations to charge electric vehicles at several project points developed and owned by PPRO. Several chosen locations to provide the charging station services are located in area and apartment complexes, such as: Grand Kamala Lagoon located in Bekasi, Gunung Putri Square in Bogor, The Ayoma Apartment in Serpong, Evencio Apartment in Margonda Depok; Amarthia View and The Alton Apartment in Semarang; Grand Sungkono Lagoon, Grand Dharmahusada Lagoon and Permata Pavilion in Surabaya, as well as Begawan Apartment located in Malang.

The implementation of the collaboration with Voltron is one of concrete evidence of PPRO's commitment in implementing ESG (Environmental, Social, and Corporate Governance) to support green environment by providing SPKLU facilities inside its several projects. This is a form of the company's care to the surrounding environment.

"The initiative carried out by Voltron in supporting the SPKLU development program in Indonesia shall be appreciated by PPRO. In this case, PPRO highly supports the implemented program by Voltron where in the future SPKLU or charging station facilities can support and complement the needs of electric

vehicles in PPRO's property areas. We hope that by facilitating SPKLU in PPRO projects will add value to the stakeholders and communities in need. "The implementation of the SPKLU also supports the green development program launched by the Government and PPRO," says PPRO's Main Director Daniel Rinsani after the signing ceremony.

At the same time, Abdul Rahman Elly as Founder & CEO of Voltron says that with the increasing popularity of EVs (Electric Vehicles) or electric vehicles in the country, the growing trend has made Voltron even more enthusiastic to proceed with building charging stations to provide convenience for electric vehicle users to charge their electric vehicle anywhere and anytime.

--THE END--
